

AI+Robotics Club

Marshdale Elementary - Winter Session

Hands-On Learning • Kid-Friendly AI

Starting Wednesday, February 4, 2026
Meets Weekly on Wednesdays | 2:35 PM - 4:00 PM
7-Week Session | Grades K-5 | Max 15 Students

Session Dates (7 Weeks)

February 4, 11, 18, 25

March 4, 11, 18

WHAT STUDENTS WILL LEARN

- Understand what AI really is
- Learn how robots “see,” “hear,” and react
- Train simple machine learning models
- Try prompts to see how AI interprets instructions
- Explore AI art + creativity
- Build teamwork through fun AI challenges
- See live demonstrations of real robot behaviors from Arf

Hands-on and screen-free for students, with only brief teacher-led projector visuals to introduce weekly concepts and spark curiosity.

Fun. Hands-on. Future-ready learning.

PROGRAM DETAILS

Cost: \$250 per student

Maximum Enrollment: 15 students (Limited spots!)
